How the rating list works for Chairman Cup Competitions:

Find the name of the player and see their "Rating" in the rating column e.g. "4". Then find the name of the player they are playing against see their Rating and compare the two. As example a rating of "0" playing against a rating of "4" means the player with "4" would start each game with 4 points. If the players have the same rating they start from level (0 - 0). The highest rating a player can get is 9 points meaning if they play a player rated "0" they would start each game 9 - 0 and only have to win 2 points to win the game!

If a player has rating of "6" and they play against a player with a rating of "5", the player with the rating of "6" would start each game 1 - 0.

All Cup Matches are best of 5 games up to 11 points

If a game reaches 10 - 10 all the next point will decide the game as the first player to score 11 points wins the game
